

# Engage Leads from Top to Opp With Omnichannel Conversational Marketing

## What

Conversica AI Assistants for Conversational Marketing automatically contact, engage, and qualify all your inbound leads via two-way dialogue over email, website chat, or SMS text messaging.

## Why

- Maximize return on marketing spend by ensuring no lead is left untouched or underworked
- Scale your ability to pre-qualify leads with one-to-one outreach to determine sales-readiness
- Connect with website visitors in real-time with AI-powered website chat and continue the conversation over email or SMS

## Customer Story

IHS Markit drives revenue opportunities with Conversica AI Assistants for Conversational Marketing:

- 100% lead coverage
- 44% engagement rate
- 39x ROI multiplier

**“As a result of Conversica, we’ve been able to touch nearly every inquiry that comes into the business with an AI Assistant. And that’s uncovering incremental, high-quality leads to support the Sales team. We are making rapid and thorough first contact, and we are doing it at scale.”**

**Byron O’Dell**

Head of Corporate Marketing and Executive Director, IHS Markit

## Attract Higher Quality Leads and Convert More Opportunities to Drive Pipeline Dollars Faster

Generating marketing leads takes time, effort, and investment. But when inbound leads go untouched, unnoticed, or unengaged, your investments fall flat. This problem is exacerbated when there are thousands of leads to work each month, making it impossible to give each lead the attention it deserves. Not surprisingly, leads go unengaged. Now you can hire Conversica AI Assistants to ensure no lead is left behind. Stop wasting your marketing spend. Maximize your return on investment with omnichannel Conversational Marketing from Conversica.

Conversica AI Assistants engage buyers at the top of the funnel with human-like, two-way conversations across email, SMS, and website chat to drive customer engagement and find more sales-ready opportunities. By driving more dialogue at the top of the funnel, AI Assistants pre-qualify marketing leads and accelerate sales-ready opportunities. Whether connecting with website visitors in real-time via AI-powered website chat, promptly and persistently engaging event attendees over email, or connecting with leads on the go over SMS text messaging, Conversica AI Assistants for Conversational Marketing attract higher quality leads and drive pipeline.

## Conversational Marketing for Lead Engagement

Conversica AI Assistants engage leads in personalized, two-way interactions at scale across multiple channels to drive towards the next best action accelerating revenue. Conversica offers more use cases across the top of the funnel to engage and qualify leads for Sales than any other Conversational Marketing solution. Use our AI Assistants to:

- Connect with website visitors in real-time
- Remarket to your dormant leads
- Pre-qualify captured leads with direct 1:1 outreach
- Increase registrations to events, webinars, and virtual conferences
- Deliver fast follow-ups to event attendees

## Never Wonder If Your Leads Are Getting Quality Touches Again

Frustrated by a lack of visibility into the Sales process? Truth be told, Marketing’s destiny is in the hands of Sales. Conversica Conversational Marketing helps make the most of every campaign by engaging thousands of leads in omnichannel conversations, pre-qualifying leads at scale, and providing greater insight into Sales follow-up. Make certain no leads fall through the cracks with an AI Assistant.

## Keep Your Contact Database Up to Date With Current Information

How well does your Marketing or Sales team update the CRM with new contact information found? Our AI Assistants automatically update your CRM with current contact information garnered from its conversations.

## Skills to Support Your Marketing Efforts From Day One

Conversica AI Assistants for Conversational Marketing can have many different skills. Skills drive the types of conversations AI Assistants can have with a lead. Skills include:

- **GENERATE Interest:** Engage visitors via website chat to connect them to the information they seek, answer general questions, or contact a rep through the website
- **CULTIVATE Early Interest:** Reach out to prospects (pre-MQLs) that have signaled potential interest and have not requested contact yet
- **PRE-EVENT Outreach:** Reach out to generate interest and set meetings for attendees in advance of events
- **POST-EVENT Engagement:** Follow up with leads generated at an event as the first point of contact after the event
- **RE-ACTIVATE Dormant Demand:** Proactively initiate contact with prospects that previously expressed interest >90 days ago
- **ABM Outreach:** Deliver highly personalized outreach to your target accounts, e.g. reference customer testimonies, call out challenges facing your prospects, and provide solutions in your outreach

## Easy Integration and Implementation

Implementation can typically be completed in under two weeks, depending on your requirements. Select the leads for your Conversica AI Assistants in your existing CRM or marketing automation platform. Simple rules or triggers start Conversational Marketing outreach. Lead records are updated

## About Conversica

Conversica is the leading provider of Conversational AI solutions that help enterprise marketing, sales, customer success, and finance teams attract, acquire and grow customers at scale across the customer revenue lifecycle. Conversica AI Assistants serve as digital team members and autonomously engage contacts, prospects, customers, or partners in human-like, two-way interactions at scale to drive towards the next best action, whether that's scheduling a sales meeting, gauging interest to buy additional products or services, or politely but persistently collecting overdue payments.

AI-driven email conversations allow you to focus your efforts on contacting leads who have an expressed intent to buy.

with the details of the AI Assistant's conversations. Marketing and Sales managers and team members receive email alerts directly in their inboxes.

## Built for Ease-of-Use With Marketers in Mind

No need to write a single email outreach from scratch. Conversica combines best practices with ease of use. Our AI Assistants come with skills and dozens of conversations pre-built for simple and immediate deployment. Customization is simple. Conversica's Conversation Editor empowers you to update conversations to match your specific campaign needs; such as webinar and event follow-up. The graphic user interface is easy to use. Our engineering and data science teams make sure conversations will perform so that you can focus completely on the purpose of each conversation you decide to deploy.

Processing over a billion interactions, the Conversica Conversational AI platform integrates natural language processing (NLU & NLG), decision & policy management, business process automation and deep learning capabilities to drive customer engagement across multiple digital communication channels and languages. The Conversica platform supports over 50 integrations into the most popular MAP and CRM platforms and offers an open API for custom integration.
